

# Pittwater Artists Trail

Home Studios  
2011 - 2012

## **Welcome to the inaugural Pittwater Artists Trail Home Studios 2011/2012**

As many locals know, Pittwater is home to a creative, artistically rich community. Many artists in this community produce from home and have not been, until now, directly accessible. The Pittwater Artists Trail provides an ongoing and permanent structure to engage our wider community, including visitors, with our local artists and artisans.

The artists and craftspeople listed in this brochure welcome visits and sell their work from their home studios. Each has their open-times listed or can be visited by appointment.

The Pittwater Artists Trail will open March 1st 2011 and this brochure is valid until Feb 2012.

Whether you are a resident or a visitor, may you enjoy our thriving artistic community and the beautiful natural environment that inspires it!
